

The Miracle Pancake of Delgado, Texas

The Miracle Pancake of Delgado, Texas is a thoughtful, entertaining, funny and sometimes sentimental look at the struggle between spirituality, religion, current events, and commercialism in contemporary America. The plot centers around a pancake purported to bear the face of God. The woman who cooked the miracle seeks to share it. An action movie hero and a faith-healing televangelist seek to exploit it. A depressed God appears in the dreams of a Jungian psychologist seeking therapy.
