

Comparative & International Criminal Justice Systems: Policing, Judiciary, and Corrections

The study of diverse criminal justice systems and their agencies of social control has taken on an essential role in establishing which deterrents and correction methods are most effective. Comparative and International Criminal Justice Systems explores in depth the criminal justice systems of various countries and compares and contrasts effective with those proven less than adequate. Together in one volume, this book presents contributions from reputable scholars from four different continents. Comparative and International Criminal Justice Systems is an indispensable tool for studying the philosophical and utilitarian ideals that motivate the criminal justice goals of countries with low crime rates.
