

Never Laugh as a Hearse Goes By: A Penny Brannigan Mystery (Penny Brannigan Mysteries)

Spa owner and habitual amateur sleuth Penny Brannigan finds herself at a clerical conference at Gladstones Library in North Wales. Also attending as a guest speaker is her boyfriend, DCI Gareth Davies. But behind the ornate red sandstone facade of this most respectable of Victorian buildings, Penny encounters deception, marital and financial infidelity, a sham marriage scam, blackmail for beginners, and someone bent on murder. When the bishops secretary dies of a suspicious case of food poisoning, Davies leads the investigation. At Pennys suggestion, Florence Semble, a friend from Pennys adopted hometown, is invited to the Library to decode the secretarys shorthand notebook in the search for clues. As the conference continues, another body is found in the beautiful library itself, and Penny must once again search for a killer.
