

A Haven on Orchard Lane

In difficult circumstances Charlotte Ward, once a famed stage actress, tries to restart her career - only to experience disaster. Against her better judgment, her estranged daughter, Rosalind, comes to her mother's rescue and moves her to a quiet English coastal village. Charlotte is grateful to get to know Rosalind after years apart. As one who has regrets about her own romantic past, it's a joy for Charlotte to see love blossom for her daughter. For Rosalind, however, it's time away from teaching - and now she must care for the mother who wasn't there for her. And what could be more complicated than romance? Together mother and daughter discover that healing is best accomplished when they focus less on themselves and more on the needs of others.
