

Heart Land: Love and Loss in the Heart of America

She is home to Great Plains and even greater rivers, shining towns and people of soul. Her winters are ice-chest bitter, her summers alive with thunder and twisters. Deserts and dust-devils, cottonwoods and corn fields all sing the harmonies of gospel, the melodies of country and the rhythm of the blues, in this church of love and loss. Hers is a bright light slowly fading. She is Americas Heartland. These are her stories. Heart Land is DB Allens first full length novel - a novel of inter-connected stories spanning generations, all set in the American Midwest. The paperback includes eight intricate pencil drawings by the author - one for each story.
