

La seconda opinione: 18 (Mystery) (Italian Edition)

Un medical thriller da batticuore gratificante, sapientemente percorso dalla suspense necessaria a tenere i lettori incollati alle pagine Boston Globe. La seconda opinione è una full immersion nell'universo dei camici bianchi, dove l'autore, essendo un medico, gioca in casa e sfodera tutte le sue conoscenze professionali. Michael Palmer con questo libro ha costruito il gioco del gatto con il topo, nel quale una donna deve fronteggiare un complotto fra medici per smascherare una pratica terribile che tocca da vicino chiunque abbia mai affrontato un controllo medico. Grazie a personaggi accattivanti, colpi di scena e tradimenti che giungono dove meno uno se li aspetta, La seconda opinione vi porterà a mettere in discussione tutto. Michael S. Palmer, nato nel 1942 a Springfield, Massachusetts, è autore di sedici romanzi di genere medico ospedaliero. Tutte le sue opere sono state in testa alle classifiche dei libri più venduti del New York Times, di Publisher Weekly, del Wall Street Journal e di Usa Today. Un successo che è stato poi confermato dal fatto che i suoi libri sono stati tradotti in trentacinque lingue. Oltre a scrivere, Palmer svolge attività di medico specializzato in medicina interna negli ospedali Boston City e Massachusetts General. Ha lavorato a tempo pieno come medico nei reparti pronto soccorso, e ora è direttore associato del programma medico della Massachusetts Medical Society.
