But it also has its perks. With his small league of street-smart outcasts, hes snarled the system with some of the most brazen stunts of the 22nd century. Not bad for an orphaned sewer rat that cant remember his childhood and will most likely end up iced for ages like any other criminal.No past, no future: no problem. As long as Dex has his friends and his mischief, hell be alright.But after a botched stunt, Dex wakes up a foreigner in a brutal, bizarre underground city controlled by more than one shameless forceblind, a sword strapped to his back, and an old man telling him hes the vital component of the coming revolution.Dex can barely take in the reality of a new time before hes on the run, hunted by vicious assassins, and mixed up in a deadly plot a millennium in the makingand with the fate of two worlds at stake.Start an action-packed journey with THE LAST ITERATION OF DEXTER MAXWELL to find out who Dexter Maxwell really is.ADVENTUROUS SCIENCE FICTION SEASONED WITH SUSTAINABILITY
