

The Union Club: A Subversive Thriller

If these walls could talk, theyd scream. The mind that brought you Swannee: A Paranoid Thriller takes you deep inside the worlds most private club. College sweethearts Claire and Clay Willing are determined to start their married life independent of his rich and powerful West Coast family. But the tragic murder of Clays older brother, coupled with his own stalled career, suddenly lures them to San Francisco and into the clutches of the Willing political dynasty. Clays parents welcome Claire with open arms and ensconce her in their exclusive private club atop Nob Hill, where she mingles with the eccentric Bay Area elite and struggles to maintain her identity in the all-controlling Willing clan. But her in-laws are the least of Claires worries as she unravels the freakish mystery of their sons assassination and uncovers the shocking reason they were brought back into the fold. With no way out alive. The Union Club. Where evil has its privileges.
