

Remote Viewing: Why you should vote for Hillary - Predictions for the 21st Century (Washington Remote Viewing Group Book 3)

Hilary will not only make a great president but she will make America great again. Through her innovative policies and influential style she will make America shine again on the world stage and be a beacon of hope for the whole planet to look up to. One of Hilarys goals is to ensure that every American is given the opportunity to fulfil their God given potential. And just like one of her influencers, Martin Luther King, Hilary stands for freedom and equality amongst all people regardless of gender, race, color or religion. This book uses Remote Viewing to describe the Hilary Rodham Clinton Presidency and the many reasons why you should vote for her. Remote viewing is the telepathic psychic ability to see future events, past and present events, alternate futures, alternate histories, objects, people and situations.
